

THE FUTURE OF OUR VILLAGE

Important meetings for Westbourne* residents

- What makes Westbourne a good place to live or work?
- What features of the village do we want to protect?
- What pressures affect our area?
- How can we have a voice and a vision for the future?

Find out more about how we can create a **neighbourhood plan**, which would help preserve and enhance the features which make Westbourne special. It would be a legal document which district and county councils would take note of when planning development.

***including the hamlets of Aldsworth and Woodmancote.**

ANNUAL PARISH ASSEMBLY
