

Neighbourhood Plan

New houses in Westbourne - where should they go?

**Have your say at Westbourne Parish Hall
on Saturday 11th July, 2.30pm - 4.30pm**

You will know that the Chichester District Council Local Plan obliges us to take a minimum of 25 new houses over the next 14 years. The Westbourne Neighbourhood Plan allows the local community to have a direct input in deciding where these houses should be located and what they should look like.

Now the site-assessment process is nearing completion, the Steering Group will be presenting a number of proposals as to where these developments could go.

**In order for this to be YOUR plan,
we need YOU to respond to these proposals**

You can do this by coming along to this public exhibition and giving us your feedback

What awaits you?

- Details and assessment of all the submitted sites
- Your chance to say which sites should be selected for the Neighbourhood Plan
- Information regarding the revision of the Village Design Statement
- Free refreshments (possibly cream teas!)

Your input at this stage of the Neighbourhood Plan process is very important

Please come along and you will be entered into a free prize draw with a first prize of a £50 M&S voucher, along with other prizes.

Please support the Parish and come along

We look forward to seeing you there

The Steering Group
